**AMENDMENT/RESPONSE**

Sir:

In response to the Office Action dated November 21, 2006, Applicants interviewed the Examiner on April 12, 2007 at 2:00PM. The Applicants discussed the previously filed Rule 1.132 Declaration in combination with MPEP 715.02. The Applicants further provided proof of common assignment to overcome Arendt '150. Finally Applicants discussed the two remaining rejections based on (i) Arendt '483 in view of Rosswag, and (ii) Glowacki in view of Rosswag. The Examiner suggested that he would consider a declaration indicating that the claimed roughness was not possible or expected by one of ordinary skill in the art without additional coating processes. In response to these suggestions, Applicants submit the following documents.
